Current exhibition

Euf Lindeboom - Quasi tutti

The exhibition *Quasi tutti* by Euf Lindeboom is on view until 14 January 2012. The exhibition shows almost all the works made by the multi-talented artist.

9 December a special evening took place, in celebration of Euf, with performances by various Dutch writers and visual artists. The evening was a great success, we are planning more of these events in our gallery for the next year.

Looking forward to 2012
